Iron County Commissioners  
P.O. Box 429  
Parowan, Utah 84761

Iron County Commissioners:

After holding several meetings to discuss the future of the ambulance service in Iron County, we would like to propose the following solution:

We the mayors of Iron County, Dutch Deutschlander (Brian Head), Maile Wilson (Cedar City), Robert Rasmussen (Enoch City), Galen Allred (Kanarraville Town), Constance Robinson (Paragonah Town), and Don Landes (Parowan City), propose the Iron County Sheriff be given a one year probation period to initiate budget cuts and take other measures to improve the operation of the Iron County Ambulance Service. After the one year probation period, the Iron County Commissioners and Mayors should meet and decide if the measures taken are enough to keep the ambulance service with the County or if the ambulance service should be bid out to a private company. Since you are willing to offer the private business the option to run it for a year we feel it is only fair to give the Sheriff the same opportunity.

We would greatly appreciate your serious consideration of our proposal.

Sincerely,

Constance Robinson, President  
Iron County Coordinating Council
