

JURASSIC WALKS & TALKS

June

Friday	Saturday	Sunday
Mill Canyon 16 Dinosaur Tracksite 9:00am to 12:00pm Fun with Fossils at the MIC 6:00pm to 8:00pm	Mill Canyon 17 Dinosaur Bone Trail 9:00am to 12:00pm Dino Tracks and Facts at the MIC 6:00pm to 8:00pm	Copper Ridge 18 Dinosaur Tracksite 9:00am to 12:00pm Bones, Stones, and Fossil Zones @ MIC 6:00pm to 8:00pm
Dinosaur 23 Stomping Ground 8:00am to 11:00am Fun with Fossils at the MIC 6:00pm to 8:00pm	Poison Spider 24 Dinosaur Tracksite 9:00am to 12:00pm Dino Tracks and Facts at the MIC 6:00pm to 8:00pm	Mill Canyon 25 Dinosaur Tracksite 9:00am to 12:00pm Bones, Stones, and Fossil Zones @ MIC 6:00pm to 8:00pm
Mill Canyon 30 Dinosaur Bone Trail 9:00am to 12:00pm Fun with Fossils at the MIC 6:00pm to 8:00pm	1	2

July

Friday	Saturday	Sunday
30	Copper Ridge 1 Dinosaur Tracksite 9:00am to 12:00pm Dino Tracks and Facts at the MIC 6:00pm to 8:00pm	Mill Canyon 2 Dinosaur Tracksite 9:00am to 12:00pm Bones, Stones, and Fossil Zones @ MIC 6:00pm to 8:00pm
7	8	9
14	Poison Spider 15 Dinosaur Tracksite 9:00am to 12:00pm Dino Tracks and Facts at the MIC 6:00pm to 8:00pm	Mill Canyon 16 Dinosaur Tracksite 9:00am to 12:00pm Fun with Fossils at the MIC 6:00pm to 8:00pm
21	Mill Canyon 22 Dinosaur Bone Trail 9:00am to 12:00pm Dino Tracks and Facts at the MIC 6:00pm to 8:00pm	Mill Canyon 23 Dinosaur Tracksite 9:00am to 12:00pm Bones, Stones, and Fossil Zones @ MIC 6:00pm to 8:00pm
28	Dinosaur 29 Stomping Ground 8:00am to 11:00am Dino Tracks and Facts at the MIC 6:00pm to 8:00pm	Mill Canyon 30 Dinosaur Tracksite 9:00am to 12:00pm Fun with Fossils at the MIC 6:00pm to 8:00pm

Jurassic Walks

Copper Ridge

How long we'll be: 1/2 mile (0.80 km) round trip. Allow 30 minutes for guided hike.

What we'll discover: First tracks of a long-necked, plant-eating sauropod dinosaur ever found in Utah! And tracks of a large, meat-eating dinosaur with a limp!

Dinosaur Stomping Ground

How long we'll be: 3 miles (4.8 km) round trip. Allow 2.5 hours for guided hike.

What we'll discover: Over 2,300 single tracks—mostly from big, meat-eating dinosaurs—in an area of about two acres, known as the Moab Megatracksite!

Mill Canyon Dinosaur Bone Trail

How long we'll be: 1/4 mile (0.4 km) round trip. Allow 30 minutes for guided hike.

What we'll discover: Dinosaur bones of *Allosaurus*, *Camarasaurus*, *Camptosaurus* and *Diplodocus* still encased in Jurassic-aged rock!

Mill Canyon Dinosaur Tracksite

How long we'll be: 1/4 mile (0.4 km) round trip. Allow 30 minutes for guided hike.

What we'll discover: One of the largest and most diverse dinosaur tracksites known in the United States! A minimum of 6 different dinosaur tracks and crocodile tracks from 112 million years ago!

Poison Spider Dinosaur Tracksite

How long we'll be: 1/2 mile (0.80 km) round trip. Allow 30 minutes for guided hike.

What we'll discover: 190 million-year-old tracks preserved in between prehistoric sand dunes!

Jurassic Talks

Fun with Fossils

How long we'll be: Allow 30-45 minutes for talk and activity.

What we'll do: Join us as we introduce you to some of the area's most famous prehistoric residents! A short show-and-tell talk will be led by a BLM paleontologist, followed by a fun and engaging activity appropriate for all ages.

Where we'll be: Moab Information Center Porch, 25 E Center Street, Moab, UT 84532.

Bones, Stones, and Fossil Zones

Length of Activity: Allow 30-45 minutes for talk.

What we'll do: Join us as we learn about regional geology, local dinosaur, and other fossil discoveries found in the Moab region. It's bound to be a bona fide good time!

Activity Location: Moab Information Center Porch, 25 E Center Street, Moab, UT 84532.

Dino Tracks and Facts

Length of Activity: Allow 30-45 minutes for talk.

What we'll do: Join us as we learn about the regional geology, how tracks are made, and the dinosaur trackways preserved in the Moab area. It will leave a lasting impression!

Activity Location: Moab Information Center Porch, 25 E Center Street, Moab, UT 84532.
