## DISCUSSION GROUP

---

---

Every month, get together with members of your community and view TED and TEDx videos focusing on a central theme, followed by a discussion afterwards. Future topics and videos can and will be chosen by the group. Have a favorite TED talk? Share it! Have a topic you want to discuss? Let us know! You've never heard of TED? Come find out! Be a part of an engaging and welcoming discussion where you don't have to read the book before you attend!
