

Preview Fundraising Event

The New Quick Quack Car Wash in St. George is hosting a Special Fundraising Event benefiting Kyler Sullivan!

Come preview the new car wash just days before the Grand Opening and help show support for Kyler Sullivan and his family.

Four-year-old Kyler was born with multiple congenital heart defects resulting in only having half of a heart. He had his first open heart surgery at three days old, another at six months, and is scheduled to have his third surgery within the next few months. Due to hospital visits at Primary Children's, medications, and procedures, Kyler's family has paid their maximum out-of-pocket expenses each year. Through it all, Kyler has a smile on his face and is excited to start preschool soon.

Funds raised will help alleviate some of the cost of Kyler's ongoing medical expenses.
